

With sincere gratitude and esteem,  
Interim President Greg Jackson cordially invites you to join

# The President's Council

at Spaulding Rehabilitation

Recognizing annual leadership giving that helps  
patients and families find their strength on the  
journey to recovery

**I**t is my honor to invite you to become a member of our annual leadership giving society, **The President's Council**. We would be so proud to have you join this special group as we continue to build on our tremendous philanthropic success and usher rehabilitation into a new era of care and discovery.

The President's Council represents a distinguished group of individuals, families, and institutions whose yearly generosity of \$20,000 or more shapes and sustains the life-changing mission of Spaulding Rehabilitation. As recently named interim President, it is my pleasure to welcome our members, who are united in a singular vision to make the world a better place for people recovering from and living with disability and disease—a calling that has become even more imperative in recent years.

The generosity of this esteemed group ensures our clinicians, researchers, and staff can make the most of opportunities in rehabilitation medicine and science, and also respond effectively to Spaulding's most pressing needs. On behalf of the entire Spaulding community, thank you for considering membership in The President's Council.

Warm regards,

Greg Jackson, MRC  
President and  
Chief Operating Officer,  
Spaulding Rehabilitation

## President's Council members are...

- recognized for **yearly cumulative giving of \$20,000 or more to any and all Spaulding programs**—from advancing our innovative research efforts, to investing in our clinical programs, to contributing to a myriad of unique events, to supporting our Annual Fund.
- invited to **special events**, providing an opportunity to hear about and engage with Spaulding's mission and vision for the future of rehabilitation medicine, in the company of other like-minded individuals.
- eligible to receive **the latest updates on emerging work** from Spaulding, including (but not limited to) virtual briefings on key topics, news about research grants and publications, personalized tours and meetings, and our Grand Rounds series of educational programs.
- offered **timely support and guidance** to navigate the health system and facilitate access to care.

Participation or inclusion in any of the council's activities is **at the member's interest and convenience**.

“

Working with Spaulding is a way to be a part of a dynamic organization that represents the best of both worlds in terms of patient care and research. It's a place that impresses me by always looking for newer, better ways to treat patients, which makes it an incredible place to be involved with.”

—David Fischer, member, The President's Council

We are grateful for your interest in  
The President's Council. For questions or to learn more  
about becoming a member, please contact:
